## PROFESSIONAL SUMMARY

---

Computer Science Engineering student with hands-on experience developing Java backend applications, REST APIs, and database-driven systems using Spring Boot and SQL. Strong foundation in PostgreSQL, MySQL, JDBC, JPA/Hibernate, database design, OOP, and backend debugging. Experienced in designing relational data models, implementing CRUD operations, building service/repository layers, and integrating APIs with applications. Quick learner with strong problem-solving and communication skills, seeking a Junior Database-Backend Developer role.

## TECHNICAL SKILLS

---

**Languages:** Java, Python, SQL

**Backend:** Spring Boot, Spring MVC, REST APIs, JDBC, JPA/Hibernate, Spring Security, JWT

**Databases:** PostgreSQL, MySQL, Database Design, ER Modeling, CRUD, Joins, Transactions, Indexing

**Development:** OOP, Data Structures & Algorithms, Exception Handling, Collections, Maven

**Tools:** Git, GitHub, Postman, IntelliJ IDEA, VS Code, Eclipse

**Integration:** HTML, CSS, JavaScript, React, REST API Integration, CORS

## PROJECT EXPERIENCE

---

### College Fee Management System | Java, Spring Boot, PostgreSQL, REST APIs

- Designed a database-driven backend for student fee records, payments, receipts, and administrative operations.
- Created relational entities and CRUD workflows for student, fee, payment, and transaction data using PostgreSQL and JPA/Hibernate.
- Structured controller, service, and repository layers and planned REST endpoints for frontend integration, validation, and exception handling.

### BH LearnSphere – AI-Powered Adaptive Learning Platform | Spring Boot, PostgreSQL, REST

- Designed backend modules for users, courses, quizzes, questions, and learning progress using layered Spring Boot architecture.
- Applied JPA/Hibernate persistence, entity relationships, DTO-based API design, and repository operations for database-backed functionality.
- Focused on maintainable separation of controller, service, repository, and entity layers.

## EDUCATION

---

- B.Tech – Computer Science & Engineering | Dr. K.V. Subba Reddy Institute of Technology, Andhra Pradesh | Expected 2027 | CGPA: 8.79/10
- Intermediate (Class XII) | 847/1000 (84.7%) | Class X | 8.8/10

## SOFT SKILLS

---

Problem Solving • Analytical Thinking • Communication • Team Collaboration • Adaptability • Time Management • Quick Learning

## ACHIEVEMENTS

---

- First Prize – College DEVX App/Web Development Program.
- Participated in IIITDM Kurnool AI Web Development Hackathon and other technical projects/hackathons.
- District-level First Prize – School innovation project: Eye Blinking Monitoring System using Arduino.

**Target Role:** Junior Database-Backend Developer | **Core Focus:** Java, Spring Boot, SQL, PostgreSQL/MySQL
